The Brain: A User's Manual Mar 04 2021 "Congratulations on the purchase of this exclusive product, tailor-made just for you. It will provide you with years of continuous existence." So begins *The Brain: A User's Manual*, Marco Magrini's fascinating guide to the inner workings of one of nature's most miraculous but misunderstood creations: the human brain. This user-friendly manual offers an accessible guide to the machine you use the most, deconstructing the brain into its constituent parts and showing you both how they function and how to maintain them for a longer life. Cutting through the noise of modern pop psychology, *The Brain: A User's Manual* is a refreshingly factual approach to self-help. Written with a deft style and wry humour, it offers tips on everything from maximising productivity to retaining memory and boosting your mood.

Turf Managers' Handbook for Golf Course Construction, Renovation, and Grow-In Jul 28 2020 For the first time a book finally combines field experience with the fundamentals of turf science to help you understand the concepts involved in proper grown-in management, and to troubleshoot problems on-site throughout the management process. A major goal of this unique handbook is to outline and detail the numerous quality control issues that face golf course superintendents and managers--to serve as a guideline for the multitude of questions that need to be addressed before, during and after construction. It stresses the magnitude and importance of finish construction and grow-in as it relates to turf maintenance, turf performance and the playability of the course--from its opening into the future. A great resource to help educate owners and developers about the details of the grow-in sequence and its budgetary requirements.

[The Startup Owner's Manual](#) May 06 2021 More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you: • Avoid the 9 deadly sins that destroy startups' chances for success • Use the Customer Development method to bring your business idea to life • Incorporate the Business Model Canvas as the organizing principle for startup hypotheses • Identify your customers and determine how to "get, keep and grow" customers profitably • Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.
