By referring to Cambridge IGCSE Chinese, Edexcel IGCSE Chinese (another two examination board) and HSK (Chicness Proficiency Test), IB Chinese Syllabus, AP Chinese, SAT Chinese, Online Chinese Courses, BCT (Business Chinese), combining our 25 years' experience in Teaching and editing our own materials, here is the "LIFE SAVING" book called by many students for their exams. The book give a quick revision for your coming exam! Thanks for your support for us creating better contents for you! It takes our years' painful effort to edit. Grab it! Knowing About Language is an essential and comprehensive introduction to and discussion of the value of linguistics in the secondary and post 16 curriculum. Split into three easily accessible parts, each chapter draws on theoretical and practical reasons for developing language awareness for the teacher and student, the impact of government and institutional policy on teaching and teacher knowledge, and explores recent research about the value of linguistic knowledge to support student attainment. Expert contributors show how recent innovations in linguistics can support language teaching by providing a range of practical ideas that can be used in the classroom. Knowing About Language is a valuable theoretical, critical and practical guide for the teacher and researcher, and

anyone interested in applied linguistics and the study of language in education. Written by authors who are passionate about the value of language study both as a classroom topic and more generally, this book acts as a resource to inform and support teachers in wider aspects of their role by demonstrating the powerfully enabling nature and inherent value of language study and linguistics in secondary and post-16 curricula. In recent years, there has been an increasing demand for, and rapid development in, the learning and teaching of Asian languages as a foreign language throughout the world. Many governments recognize that Asian languages are of strategic economic importance, and thus they are now offered as a foreign language by a great number of schools and higher education institutions. This book contains chapters written by different authors from several countries on key issues and problems in the teaching of the Chinese, Russian, Farsi, Japanese and Malaysian languages, and some comparative studies. The contributors here explore future directions in the teaching of Asian languages in the 21st century. The ten chapters of the book have been prepared by the authors using the scholarly papers they presented at the Second International Symposium on Asian Languages and Literatures (ADES), which was held on 3-4 May 2012 at Erciyes University, Kayseri, Turkey, under the title of "Teaching of Asian Languages in the 21st Century".
