Adulterous Nations Nov 30 2020 In Adulterous Nations, Tatiana Kuzmic enlarges our perspective on the nineteenth-century novel of adultery, showing how it often served as a metaphor for relationships between the imperialistic and the colonized. In the context of the long-standing practice of gendering nations as female, the novels under discussion here—George Eliot ' s Middlemarch, Theodor Fontane ' s Effi Briest, and Leo Tolstoy ' s Anna Karenina, along with August Š enoa ' s The Goldsmith ' s Gold and Henryk Sienkiewicz ' s Quo Vadis—can be understood as depicting international crises on the scale of the nuclear family. In each example, an outsider figure is responsible for the disruption experienced by the family. Kuzmic deftly argues that the hopes, anxieties, and interests of European nations during this period can be discerned in the destabilizing force of adultery. Reading the work of Š enoa and Sienkiewicz, from Croatia and Poland, respectively, Kuzmic illuminates the relationship between the literature of dominant nations and that of the semicolonized territories that posed a threat to them. Ultimately, Kuzmic ' s study enhances our understanding of not only these five novels but nineteenth-century European

literature more generally.

Theodor Fontane Mar 03 2021 First published in Germany to popular and critical acclaim, this is a unique portrait of the life and work of Theodor Fontane, the greatest German novelist of his age, as well as a major poet and theater critic and much loved travel writer. Gordon A. Craig, one of the foremost scholars of German history, interpolates a cohesive historical biography of Fontane with his own reflections on the art, culture, and politics of Fontane's world. The ideas and impressions of Fontane and Craig echo one another throughout the book in compelling and fascinating ways. Fontane's travel accounts of Scotland and Prussia are enriched by Craig's discussion of Germany's increasingly national vision of itself and the world at the time of unification. Similarly, Craig's mastery of German military history dovetails remarkably well with Fontane's reportage on Germany's wars with Denmark, Austria, and France. Interesting are Fontane's ruminations over his great contemporary Otto von Bismarck, whom he revered as founder of the Reich but whose policies he feared would in the end be self-defeating. Although Fontane's Wanderings through the Mark Brandenburg and his novels are more widely read in Germany today than they were in his own time, and although his masterpiece Effi Briest was the basis for a famous Fassbinder film, Fontane remains little known in the English-speaking world. Theodor Fontane is the ideal introduction to this major European writer, a master of social analysis and one of the great letter writers of his age.

Effi Briest Apr 16 2022 Effi Briest, the classic German realist novel, follows a young woman through her life and marriage. She is an innocent when she is married to the social climbing Instetten, and longs for worldly things. When she is left alone by her husband, who is pursuing his political career, she succumbs to the flattery of another man. Her adultery has wide and tragic consequences on the rest of her life.

No Way Back Jun 18 2022 A rich and enjoyable novel about marriage, love and betrayal, from the great German realist Theodor Fontane. Charming, cheerful Count Holk is delighted to be called away from his solemn wife to the distant court of a Danish princess. Swept up in the romance of his new, lively surroundings at a 'castle by the sea', the Count does not realize that not everyone there is what they seem - and that a wrong decision may have fatal consequences.

Published in 1892, this tragicomic work of failing marriage and modern sexual politics is full of the irony, elegance and masterful dialogue for which Theodor Fontane is acclaimed. Theodor Fontane was born in the Prussian province of Brandenburg in 1819. After qualifying as a pharmacist, he made his living as a writer. From 1855 to 1859, he lived in London and worked as a freelance journalist and press agent for the Prussian embassy. While working as a war correspondent during the Franco-Prussian war of 1870-1 he was taken prisoner, but released after two months. His first novel, *Before the Storm*, was published when he was fifty-eight and was followed by sixteen further novels, of which *Effi Briest*, *No Way Back* and *On Tangled Paths* are all published in Penguin Classics. He died in 1898. Hugh Rorrison and Helen Chambers have both published extensively on German literature, and translated together the Penguin Classics translation of Fontane's *Effi Briest*. 'No Way Back has the amplitude, the social and personal varieties, we expect of the major social novel; it surely ranks among the most imaginatively challenging and intellectually satisfying attainments in that dominant nineteenth-century form' - Paul Binding, *The Spectator* 'Helen Chambers and Hugh Rorrison have improved on the previous English version...natural, idiomatic' - Ritchie Robertson, *Times Literary Supplement* 'Theodor Fontane's standing in Germany is comparable to Jane Austen's in the English-speaking world...his best work is an elegant and engaging blend of irony, penetration and compassion' Helen Chambers

Near to the Wild Heart Oct 30 2020 This new translation of Clarice Lispector's sensational first book tells the story of a middle class woman's life from childhood through an unhappy marriage and its dissolution to transcendence. *Near to the Wild Heart*, published in Rio de Janeiro in 1943, introduced Brazil to what one writer called "Hurricane Clarice": a twenty-three-year-old girl who wrote her first book in a tiny rented room and then baptized it with a title taken from Joyce: "He was alone, unheeded, near to the wild heart of life." The book was an unprecedented sensation — the discovery of a genius. Narrative epiphanies and interior monologue frame the life of Joana, from her middle-class childhood through her unhappy marriage and its dissolution to transcendence, when she proclaims: "I shall arise as strong and comely as a young colt."

A Companion to German Realism, 1848-1900 Jan 13 2022 This volume of new essays by leading scholars treats a representative sampling of German realist prose from the period 1848 to 1900, the period of its dominance of the German literary landscape. It includes essays on familiar, canonical authors -- Stifter, Freytag, Raabe, Fontane, Thomas Mann -- and canonical texts, but also considers writers frequently omitted from traditional literary histories, such as Luise M ü hlbach, Friedrich Spielhagen, Louise von Fran ç ois, Karl May, and Eugenie Marlitt. The introduction situates German realism in the context of both German literary history and of developments in other European literatures, and surveys the most prominent critical studies of nineteenth-century realism. The essays treat the following topics: Stifter's Brigitta and the lesson of realism; M ü hlbach, Ranke, and the truth of historical fiction; regional histories as national history in Freytag's Die Ahnen; gender and nation in Louise von Fran ç ois's historical fiction; theory, reputation, and the career of Friedrich Spielhagen; Wilhelm Raabe and the German colonial experience; the poetics of work in Freytag, Stifter, and Raabe; Jewish identity in Berthold Auerbach's novels; Eugenie Marlitt's narratives of virtuous desire; the appeal of Karl May in the Wilhelmine Empire; Thomas Mann's portrayal of male-male desire in his early short fiction; and Fontane's Effi Briest and the end of realism. Contributors: Robert C. Holub, Brent O. Petersen,

Effi Briest (annotated) Nov 23 2022 Effi Briest is a realist novel by Theodor Fontane. Thomas Mann said that if one had to reduce one's library to six novels, Effi Briest would have to be one of them.[1] Published in book form in 1896, Effi Briest marks both a watershed and a climax in the poetic realism of literature and forms a thematic trilogy on 19th century marriage from a female perspective along with Anna Karenina and Madame Bovary

Effi Briest Oct 22 2022 'I loathe what I did, but what I loathe even more is your virtue.' Seventeen-year-old Effi Briest is steered by her parents into marriage with an ambitious bureaucrat, twenty years her senior. He takes her from her home to a remote provincial town on the Baltic coast of Prussia where she is isolated, bored, and prey to superstitious fears. She drifts into a half-hearted affair with a manipulative, womanizing officer, which ends when her husband is transferred to Berlin. But years later, when *Effi* has almost forgotten her affair, the secret returns to haunt her, with fatal consequences. Theodor Fontane: *Effi Briest* Mar 27 2023

*Effi Briest* (Abridged) Dec 24 2022 Theodor Fontane (1819-1898) was a German realist who worked for most of his life as a journalist, poet, editor, theater critic, and travel essayist. He could not attain the financial stability to write novels until he was almost sixty, at which point he began writing historical novels. He eventually concentrated on stories about Berlin society and the decline of the aristocracy, such as "*Trials and Tribulations*" and "*Jenny Treibel*." One of his best known works was "*Effi Briest*," a novel about a teenage girl whose family arranges a marriage between her and Baron von Innstetten, a promising 38-year-old government official. The remarkably passive and detached young girl soon finds herself entangled in an adulterous affair. Fontane's brilliant dialogue, poetic realism, and strong thematic elements put "*Effi Briest*" in the arena of such adultery tragedies as "*Anna Karenina*" and "*Madame Bovary*."

The Stechlin Aug 08 2021 Theodor Fontane (1819-98), widely regarded as Germany's most significant novelist between Goethe and Thomas Mann, pioneered the German novel of manners and upper-class society, following a trend in European fiction of the period. *The Stechlin* is Fontane's last book and his political testament. Like *Effi Briest*, his great work on the place of women in Bismarck's empire, it is set at the apex of the Wilhelmine era, both in Berlin and on the estate of a Prussian Junker on the shores of Lake Stechlin. It is a significant historical and cultural document, probably the finest chronicle of the life style of

the German upper classes in the late nineteenth century; Fontane portrays the best in the life and ways of the passing Prussian aristocrats, while describing his hopes for the future of Germany and its nobility, which were never to be fully realized. Although this novel has been translated into many languages, it has never before been available in English; this edition thus fills an important gap in the significant works of European literature accessible to English readers.

Before the Storm Apr 04 2021 This was the first of Fontane's sixteen novels, most of which became classics of the realist genre. Set in Berlin, shortly before the Prussians rebelled against Napoleon, the novel resembles War and Peace. This World's Classics edition is the first and only available in English translation.

Skylines Aug 28 2020 Big city life unites the planet. Every habitable continent has metropolitan hot spots that are a hive of activity, a hub of culture — or, to countless millions, the place they call home. Some thrive on a symphony of car horns while for others there — the rhythmic echo of trains or even ships. The air may hang heavy with spices or fragrant flowers, among buildings that are rarefied or regenerated. There — no universal formula that makes a city illustrious. But the spectacle of a horizon brimming with prominent buildings great and small evokes an anticipatory thrill about what lies at its core. And a skyline is that city — iconic signature writ large on a blank canvas, with no two appearing the same. A skyline is a window-shoppers guide to what lays in store. It is a visual code that bridges the language gap and shows you at a glance what has made a city great. From the dizzy heights of the Dubai horizon to the ancient silhouette of Rome, Skylines features fifty of the most iconic, vibrant and often magnificent places from across the globe. This is your key to exploring the world through the architectural triumphs that make our cities famous. Beautiful and atmospheric illustrations sum up each cities — spirit, history and location. Fast facts of each structure and building reveal threads that illuminate often well-trodden streets. This compilation is defined by the one-of-a-kind places — including fortresses, palaces, sacred sites, monuments, skyscrapers and cultural hotspots — that makes each one unique. See how well you really know these cities as they are depicted through the silhouettes of their most noteworthy buildings.

Bright Magic Sep 09 2021 Alfred Döblin's many imposing novels, above all Berlin Alexanderplatz, have established him as one of the titans of modern

German literature. This collection of his stories —astonishingly, the first ever to appear in English—shows him to have been a master of short fiction too. *Bright Magic* includes all of Döblin's first book, *The Murder of a Buttercup*, a work of savage brilliance and a landmark of literary expressionism, as well as two longer stories composed in the 1940s, when he lived in exile in Southern California. The early collection is full of mind-bending and sexually charged narratives, from the dizzying descent into madness that has made the title story one of the most anthologized of German stories to “*She Who Helped*,” where mortality roams the streets of nineteenth-century Manhattan with a white borzoi and a quiet smile, and “*The Ballerina and the Body*,” which describes a terrible duel to the death. Of the two later stories, “*Materialism, A Fable*,” in which news of humanity's soulless doctrines reaches the animals, elements, and the molecules themselves, is especially delightful.

Effi Briest Jul 19 2022 *Effi Briest* (1895) by Theodor Fontane - Translated and abridged by William A. Cooper - Puerile Effi Briest, who is attracted by social honour, moves to the small Baltic town of Kessin. Her husband is away for weeks at a time, and Effi, who is shunned by local nobles, finds but one friend. Her suspicions their house may be haunted are, perhaps on purpose, not entirely laid to rest by Innstetten. When she says there may be a ghost, he calls her fears meaningless. The scorn he would bear if people knew of her terror would stall his career; hence his angry reply. When Major Crampas arrives, Effi cannot help but relish his attentions despite his being a married womaniser, and their love is consummated. Her husband looks down on Crampas, whom he finds a lewd philanderer with cavalier views of law. Crampas says Innstetten is patronising. Years later, Effi's daughter Annie is growing up, and the family move to Berlin due to Innstetten's ascent. All seems well, but when Effi's letters to Crampas are found by her husband, he decides to divorce and gets custody of Annie and influences her to disdain Effi. When Effi and Annie meet briefly some years later, it is clear the two are estranged. Effi stops trying to establish a good relationship with Annie. The Briests disown Effi, thinking it ill behooves them to deal with someone who tarnished their name. Innstetten tells Crampas he wants to duel; he agrees and is killed by Innstetten, who reappraises his deed. The halcyon days of his life are past: Even his career fails to delight him. Her parents take Effi back when she becomes the victim of nervous disease; her grief is torturous. Facing

death, she asks Luise to tell Innstetten about her regrets and willingness to forgive him. Her death forms a rather symmetrical ending that matches the novel's start. In the end scene, her parents vaguely concede guilt for her fate without daring to question the social canons that sparked the tragedy ("that would be too wide a field").

Supernatural and Irrational Elements in the Works of Theodor Fontane Dec 20 2019

On Tangled Paths Jun 06 2021 A moving love story and a vivid depiction of Berlin in the 1870s, from Germany's greatest nineteenth-century novelist Theodor Fontane. Lene is a beautiful, orphaned young seamstress, and Botho is a handsome, aristocratic cavalry officer. They are in love, yet know they have only a short time together as society deems their relationship impossible and refuses to acknowledge the seriousness of their feelings. But while Botho appears to have a glittering life ahead of him, the love he feels may yet be his undoing. Published in 1887, On Tangled Paths caused a scandal on publication with its portrayal of a sexual affair across the classes, and is a taut, flawless masterpiece. Theodor Fontane was born in the Prussian province of Brandenburg in 1819. After qualifying as a pharmacist, he made his living as a writer. From 1855 to 1859, he

lived in London and worked as a freelance journalist and press agent for the Prussian embassy. While working as a war correspondent during the Franco-Prussian war of 1870-1 he was taken prisoner, but released after two months. His first novel, *Before the Storm*, was published when he was fifty-eight and was followed by sixteen further novels, of which *Effi Briest*, *No Way Back* and *On Tangled Paths* are all published in Penguin Classics. He died in 1898. Peter James Bowman completed a PhD on Fontane at Cambridge University, and now works as a writer and translator. 'On Tangled Paths has the flawless logic and beautiful design of the novella at its best' - Paul Binding, *The Spectator* 'There is an undertow of sadness to this novel, yet to read it is a joy, for its humanity, subtlety and visual immediacy' - Ruth Pavey, *The Independent* 'Theodor Fontane's first true masterpiece; it has a perfect beginning, a perfect ending, and no superfluous sentence in between' - Henry Garland

"Midshipman, if you please. I must derive some advantage from my nobility. But midshipman or cabin boy, only recently papa again promised me a mast, here close by the swing, with yards and a rope ladder. Most assuredly I should like one and I should not allow anybody to interfere with my fastening the pennant at the top. And you, Hulda, would climb up then on the other side and high in the air we would shout: 'Hurrah!' and give each other a kiss. By Jingo, that would be a sweet one."
