A Korean War Captive in Japan, 1597-1600

Mar 20 2022 Kang Hang was a Korean scholar-official taken prisoner in 1597 by an invading Japanese army during the Imjin War of 1592-1598. While in captivity in Japan, Kang recorded his thoughts on human civilization, war, and the enemy's culture and society, acting in effect as a spy for his king. Arranged and printed in the seventeenth century as *Kyangnok*, or *The Record of a Shepherd*, Kang's writings were extremely valuable to his government, offering new perspective on a society few Koreans had encountered in 150 years and new information on Japanese politics, culture, and military organization. In this complete, annotated translation of *Kyangnok*, Kang ruminates on human behavior and the nature of loyalty during a time of war. A neo-Confucianist with a deep knowledge of Chinese philosophy and history, Kang drew a distinct line between the Confucian values of his world, which distinguished self, family, king, and country, and a foreign culture that practiced invasion and capture, and, in his view, was largely incapable of civilization. Relating the experiences of a former official who played an exceptional role in wartime and the rare voice of a Korean speaking plainly and insightfully on war and captivity, this volume enables a deeper appreciation of the phenomenon of war at home and abroad.

[Kernel Projects for Linux](#) Oct 27 2022 With *Kernel Projects for Linux*, Professor Gary Nutt provides a series of 12 lab exercises that illustrate how to implement core operating system concepts in the increasingly popular Linux environment. The makeup of the manual allows readers to learn concepts on a modern operating system—Linux—while at the same time viewing the source code. This hands-on manual complements any core OS book by demonstrating how theoretical concepts are realized in Linux. Part I presents an overview of the Linux design, offering some insight into such topics as runtime organization and process, file, and device management. Part II consists of a graduated set of exercises where readers move from inspecting various aspects of the operating systems's internals to developing their own functions and data structures for the Linux kernel. This book is designed for programmers who need to learn the fundamentals of operating systems on a modern OS. The progressively harder exercises allow them to learn concepts in a hands-on setting.

[Warm Beer, Lousy Food](#) Jul 24 2022 The line began forming after eight o'clock. Sal, short and heavy-set, kept everyone busy. Neat, in a white shirt and sports jacket, with his grey fedora cocked to the side, his crooked grin made you smile. Without warning the heavy door would swing open and the waiters would come outside to join him. They were dressed in pajamas or prison garb, with hats and horns, and were there to warm up the crowd. Some in line expected this, others were shocked. The pink polka dot building should have been a warning. Complete strangers in line became

chummy, exchanging stories they had heard; toilet seat covers to serve drinks on, microphones in the ladies room, toilet paper for napkins. Most had brought their friends there to be roasted. The line of people varied in age. They all dressed casually because they'd heard you could get a pie in the face or a squirt in the eye. The club's routines were blue in color, but harmless. If you were lucky you might see a "Balls for the Queen" or a "Singing beer." The price was always right for a good time and Warm Beer and Lousy Food was the place to be.

[Composite Nationalism and Islam](#) Sep 13 2021

Written In 1938, *Composite Nationalism And Islam Laid Out In Systematic Form The Positions That The Author Had Taken In Speeches And Letters From The Early 1920S On The Question Of Nationalism As Well As Other Related Issues Of National Importance. The Book Aimed At Opposing The Divisive Policy Of Mohammad Ali Jinnah And The Muslim League. It Mainly Deals With Two Aspects, I.E. The Meaning Of The Term Qaum And How It Is Distinct From The Term Millat, And Secondly, The Crucial Distinction Between These Two Words And Their True Meanings In The Holy Koran And The Hadith Tradition. By Proposing Composite Nationalism, This Important Book Strongly Argues That Despite Cultural, Linguistic And Religious Differences, The People Of India Are But One Nation. According To The Author, Any Effort Of Divide Indians On The Basis Of Religion, Caste, Culture, Ethnicity And Language Is A Ploy Of The Ruling Power.*

The Big Book of Secret Hiding Places Jan 30 2023 The biggest and best book on concealment of physical objects ever printed! This huge book tells how searchers find hidden contraband and how to hide your stuff so it can't be found. Topics covered include identifying hiding places in the home, on your person and in automobiles, descriptions of the different types of searchers you may encounter, and the intensity of the searches they may conduct, as well as the tools and techniques searchers use, including mirrors, metal detectors, vapor detector, dogs, and more. And what items might you need to hide? A partial list might include prohibited items, unobtainable after-the-crash items, things that must remain secret, or items that can be easily hidden and easily stolen. There is even a lengthy chapter on concealing weapons and the best tactics for employing them.

Watchmaking Aug 13 2021 The first and most comprehensive step-by-step guide on the subject, *Watchmaking* has become a classic in its own right. This new edition is updated to include a new section which discusses and illustrates a variety of the author's own watches. The author's principal aim in writing this book has been to inspire and encourage the art of watchmaking, especially among a new generation of enthusiasts. The making of the precision timekeeper is described, step by step, and is illustrated at each stage with line

drawings and brief explanatory captions. Great care has been taken to ensure the text is easy to follow and to avoid complicated technical descriptions.

Mapping the Terrain Oct 15 2021

A Texan's Story Sep 25 2022 Walter Prescott Webb (1888-1963), a towering figure in Texas and western history and letters, published an abundance of books—but for decades the autobiography he'd written late in life sat largely undisturbed among his papers. Webb's remarkable story appears here in print for the first time, edited and annotated by Michael Collins, an authority on Texas history. This firsthand account offers readers a window on the life, the work, and the world of one of the most interesting thinkers in the history, and historiography, of Texas. Webb's narrative carries us from the drought-scarred rim of West Texas known as the Cross Timbers, to the hardscrabble farm life that formed him, to the bright lights of Austin and the University of Texas, where he truly came of age. Fascinating for the picture it summons of the Texas of his youth and the intellectual landscape of his career, Webb's autobiography also offers intriguing insights into the way his epic work, *The Great Plains*, evolved. He also describes the struggle behind his groundbreaking history of that storied frontier fighting force the Texas Rangers. Along the way, Webb reflects on the nature of historical research, the role that Texas and the West have played in American history, the importance of education, and the place of universities in our national culture. More than a rare encounter with a true American character's life and thought, *A Texan's Story* is also a uniquely enlightening look into the understanding, writing, and teaching of western American history in its formative years.

[Survival Gardening Notes](#) Jun 22 2022 *SURVIVAL GARDENING NOTES* was a libertarian/self-sufficiency zine put out by Jim Stumm in the 1980's. Topics include: -Jim's experiences/results with container gardens- Lead in the soil/garden, and how to remove it- Indoor gardening-Custom garden drainage

systems-Letters from self-liberators-Growing, storing, & using your garden surplus-And much more!
